Profile Summary

Good knowledge in software application **Manual Testing**. Ready to take challenge in Software Testing fields and having knowledge about **Testing Process**

Experience

Inventia Technology consultants private limited)

Noida, India

Quality Assurance Intern

June 2025 - Sep 2025

- Performed manual validation of METAR (Meteorological Aerodrome Reports) ensuring compliance with ICAO aviation data standards.
- Conducted format verification and data integrity checks using structured checklists and predefined criteria.
- Identified and logged anomalies using internal tracking tools; collaborated with senior QA team to address critical issues.
- Created and maintained detailed QA documentation, simulating real-world test case creation and execution.
- Applied principles of verification and validation (V&V) to assess data quality, accuracy, and standard compliance.
- Developed a strong foundation in software testing lifecycle (STLC), defect reporting, and root cause analysis.

Projects

WeatherWise – Real-time Weather Application [HTML/CSS/JavaScript—OpenWeather API] |

- Developed an interactive weather dashboard to provide real-time and forecasted conditions for any city globally.
- Effectively displays critical meteorological data including temperature, humidity, wind speed, and weather conditions.
- Designed with an intuitive UI, allowing users to quickly access and understand the information they need.
- This tool helps users save an estimated 15-20 minutes daily in planning commutes, outfits, and activities by providing immediate, accurate weather insights.

Technical Skills

- **Programming Languages:** Python , SQL
- **Databases:** MySQL
- **Analytical Tools:** Advanced Excel (VLOOKUP, Pivot Tables)
- **Frameworks:**A/B Testing,

Education

Khatima institute of technology and management (2025),
